Dear Sir,

We are very much thankful to you for the interest shown in our Water purifier products & with reference to the discussion we are pleased to give a brief introduction of the recommended range as follows.

1) New Kitchenmate UV (Under the Sink Purifier)

ZeroB Kitchenmate is a contemporary UV water filter and purifier that maintains your kitchen's aesthetics without interfering with interiors. With the UV technology purification method and UV Lamp Sensing Mechanism, this water filter will keep you and your family safe from bacteria and virus.

Features

1. Water is purified instantaneously unlike other products in the market
2. It ensures consistent performance even with voltage fluctuations.
3. The product water meets USEPA and IS10500 standards for drinking water.
4. Designed to conceal in a confined space for better space management
5. High flow rate of upto 1 LPM

Technical Specification	
INLET WATER CONDITIONS	
Inlet opening	Inlet opening from your 1/2" BSP male thread connection
Inlet pressure	1.0- 2.0 kg/cm2
Inlet water TDS	<500 ppm
Inlet water Hardness	<200 ppm
Turbidity	<3 NTU
ELECTRIC SUPPLY	
Operating Voltage	230 AC +10%, 50 Hz
LED Indications	NA
Power consumption	20 WATTS
PURIFICATION STAGE	
Dispensing Flow rate	Upto 1 LPM
UV Lamp Rating	11 Watts
UF Membrane	NA
Carbon Filter	Bacteriostatic Activated Carbon
Water storage Capacity	6 Liters
Sediment Filter	Dedicated 5-micron filter
OTHER DETAILS	
Product Dimensions (D x W x H) (mm)	150 X 320 X485
Weight	5.325 kg approximately Gross Weight - 6.4 kg approximately

MRP	13,290/-
Offer Price	10,638/-

2) ZeroB Kitchenmate UV (Under the Sink + 2LPM)

Get rid of harmful biological and other impurities from your drinking water with this ZeroB Kitchenmate UV Water Purifier. It comes with a high capacity 11-watt UV lamp technology purification method and UV Lamp Sensing Mechanism, this water filter will keep you and your family safe from water-borne diseases

Features

1. Instant Water Purification
2. Switched mode Power supply ensures consistent performance even with voltage fluctuations
3. The product water meets USEPA and IS10500 standards for drinking water.
4. Designed to conceal in a confined space for better space management
5. High flow rate of upto 2 LPM

Technical Specification	
INLET WATER CONDITIONS	
Inlet opening	Inlet opening from your 1/2" BSP male thread connection
Inlet pressure	0.5 -2.0-kg / cm2
Inlet water TDS	<500 ppm
Inlet water Hardness	<200 ppm
Turbidity	<3 NTU
ELECTRIC SUPPLY	
Operating Voltage	230 AC +10%, 50 Hz
LED Indications	NA
Power consumption	35 WATTS
PURIFICATION STAGE	
Purification Stage	4 Stage
Dispensing Flow rate	Upto 2 LPM
UV Lamp Rating	11 Watts
UF Membrane	NA
Carbon Filter	Bacteriostatic Activated Carbon
Water storage Capacity	NA
Sediment Filter	Dedicated 5-micron filter
OTHER DETAILS	
Product Dimensions (D x W x H) (mm)	320 x 150 x 485
Weight	4.5 kg approximately

MRP	20,990/-
Offer Price	16,905/-

Reg. Add: - Flat No.2, Suryaprakash Apt, Parijat Nagar, Near Shrimat Darbar Misal, Nashik-422222.

3) ZeroB Kitchenmate RO+UF (Under the Sink Purifier)

Sleek and compact RO Water Purifier for your modular kitchen. ZeroB Kitchenmate is a sleek and stylish water purifier which enhances the aesthetics of your kitchen, as well as, does not occupy kitchen counter space that comes with a complimentary long-reach faucet.

Features

1. High Flow Rate of 9 Liters/hr
2. 8-liter HN Tank for Storage
3. RO+UF Technology for Efficient Water Filtration
4. TLC Valve for Auto-cutoff Once the Tank is Filled
5. Auto-Tank Refill

Technical Specification	
INLET WATER CONDITIONS	
Inlet pressure	0.5 to 2 kg/cm2
Inlet water TDS	1500 ppm (Subject to hardness of inlet water been less than 500 ppm)
Inlet water Hardness	<500 ppm
Turbidity	Upto 5 NTU
ELECTRIC SUPPLY	
Operating Voltage	230+-10% VAC
LED Indications	NA
Power consumption	30 Watts
PURIFICATION STAGE	
Dispensing Flow rate	9* Liters/hour
RO membrane	1812 x 1
Carbon Filter	Bacteriostatic Activated Carbon
Sidement Filter	10 Micron
Pre-filter	Filter Bag and HiQ Filter
Water storage Capacity	8* Liters
OTHER DETAILS	
Product Dimensions (D x W x H) (mm)	(Height x Dia) 368 x 267
Weight	11 kg approximately

MRP	23,990/-
Offer Price	19,274/-

4) ZeroB Kitchenmate RO (Under the Sink + Active Silver Technology)

Sleek and compact RO water purifier for your modular kitchen ZeroB Kitchenmate is a sleek and stylish RO+ESS water purifier that enhances the aesthetics of your kitchen, as well as, does not occupy kitchen counter space as it is an Under The Sink model that comes with a complimentary long-reach faucet. Also, it provides pressurized water with the help of a hydropneumatic (HN) tank. Its auto tank fill feature makes sure that the RO Purifier never runs out of pure and safe drinking water.

Features

1. Modern Design: Sleek, compact, and fits under the counter, blending into modern modular kitchens.
2. Complete Purification: 7-stage purification ensures thorough filtering with no impurities bypassing.
3. Convenient Storage: 8-liter storage capacity, ideal for families of 4 to 6 members.
4. Discreet Installation: Only the faucet is visible, maintaining a clutter-free kitchen.
5. Certified Safety: Meets Indian Standard Specifications and USEPA drinking water standards for safety.
6. ESS Technology: Post-RO purification with ESS Technology, eliminating the need for UV and UF processes.

Technical Specification	
INLET WATER CONDITIONS	
Inlet pressure	0.5 -2.0-kg / cm2
Inlet water TDS	1500 ppm (Subject to hardness of inlet water been less than 500 ppm)
Inlet water Hardness	<500 ppm
Turbidity	Upto 5 NTU
ELECTRIC SUPPLY	
Operating Voltage	230+-10% VAC
LED Indications	NA
Power consumption	30 Watts
PURIFICATION STAGE	
Dispensing Flow rate	9* Liters/hour
RO membrane	1810 x 1
Carbon Filter	Bacteriostatic Activated Carbon
Sidement Filter	Yes
Pre-filter	Filter bag + Hi Q filtration with ACF
Water storage Capacity	8* Liters
OTHER DETAILS	
Product Dimensions (D x W x H) (mm)	320 x 150 x 485
Weight	11 kg approximately

MRP	26,990/-
Offer Price	21,770/-

5) ZeroB Magna Plus Universal

The ZeroB Magna Plus Universal RO is a high-performance water purifier equipped with advanced Triple-X purification technology—combining RO, UV, and UF stages for complete protection. It effectively removes bacteria, viruses, excess salts, heavy metals, and harmful chemicals to deliver safe, crystal-clear water. The purifier features helps retain essential natural minerals for healthier and better tasting water. Its 7-stage purification process ensures multi-level filtration, while the detachable 6-litre storage tank allows for easy maintenance. The compact wall-mountable design, smart LED indicators, and efficient energy consumption make it a powerful yet convenient choice for everyday use.

Features

1. Triple-X Purification (RO + UV + UF)
2. 7-Stage Advanced Purification
3. Detachable 6L Storage Tank.
4. Smart LED Indicators.
5. Compact Wall-Mount Design.

Technical Specification	
PARAMETERS	SPECIFICATIONS
Purification Flow Rate	10 Litres/Hour
Storage Tank Capacity	6 Litres (Detachable)
% Recovery	40–50%*
Salt Rejection	90–95%
Dimensions (L x W x H)	28 x 20 x 37 cm
Purification Stages	7 Stages (RO, UV, UF)
Prefiltration	Filter bag, 5-micron filter, Activated Carbon
Nova Cartridge	4" Cartridge
RO Purification	RO Membrane
UF Purification	4" UF Module
UV Purification	UV Module
Operating Voltage	230V ±10% AC
Power Consumption	30 Watts (Max)
Inlet Pressure	0.5 – 2 kg/cm ²
Feed Water TDS	Up to 1500 ppm
Max Total Hardness	500 ppm
Inlet Water Temperature	Less than 45°C

MRP	15,890/-
Offer Price	11,880/-
